

KWIK KLAMP 1

The most popular patented tool used worldwide by well drillers, pump installers, well servicemen, and environmental drillers.

- + All steel construction but light weight-only 14 lbs.
 - + Easy to operate, over center locking of jaws when downward pressure is applied to lever.
 - + KWIK KLAMP allows workers to bring pipe joint up to an easy working level.
 - + Equipped with serrated and hardened replaceable jaws.
 - + Excellent holding capability with load tests over 3500 lbs.
 - + Designed to hold pipes 1" through 2" PVC, stainless, & galvanized.
 - + Safety pin to prevent accidental unclamping.
 - + ***KWIK KLAMP is one of the safest time saving tools you will ever own.***
-

KWIK KLAMP 2 for Pipe Sizes 2 1/2" - 4"

The heavy duty KWIK KLAMP 2 is the driller's answer for holding the larger pipe sizes 2 1/2", 3", and 4". KWIK KLAMP 2 is an enlarged version of our popular KWIK KLAMP 1 for pipe sizes 1" through 2" with many of the same features. This tool has been used worldwide by environmental drillers, pump installers, well servicemen, and water well drillers.

- ✘ Main body is constructed of 2" and 2 1/2" 1/4" wall steel tube.
- ✘ Easy to operate, over center locking of jaws when downward pressure is applied to a 19" long lever handle.
- ✘ 1/2" Safety pin used to prevent accidental unclamping.
- ✘ KWIK KLAMP2 allows workers to bring pipe or drill joint up to an easy working level.
- ✘ The tool weights only 30 lbs. and is 20" long x 7 1/2" wide.
- ✘ Jaws are equipped with 16 carbide tipped grippers.
- ✘ Excellent holding capability, with load tests done over 7,000 lbs.
- ✘ Designed to hold pipes 2 1/2", 3" and 4" PVC, HDPE, stainless and galvanized steel.
- ✘ KWIK KLAMP is one of the safest, time saving tools you will ever own.

4" pipe on 12" casing

3" steel on 8" casing
